

Join the **Learning Communities** at UNCG!

Learn together with **US**

Make the most of your UNCG experience...

... learn with friends, transition to college, and **succeed at UNCG!**

By joining one of UNCG's signature learning communities or living-learning communities you'll gain real world experience, while building a foundation for lifelong learning!

AToMS: Achieving Together in Mathematics and Science

Are you majoring in Chemistry, Computer Science, Mathematics or Physics? Are you looking for a way to connect with other students majoring in science? If you answered "yes" then the AToMS Learning Community is for you! This community will help prepare science and mathematics focused students for their academic course work, career aspirations and graduate or research work. This community is a great way to meet dedicated faculty and motivated students in your major!

ELIGIBILITY:

Open to all first year students majoring in Chemistry, Computer Science, Mathematics or Physics

** This community is open to students living on campus or commuting to campus

Required Courses:

Fall

CHM 111 with CHM 112 (LAB) and FFL 102

Appropriate Math Course or PHY 101 or CSC course

Spring

CHM 114 and CHM 115 (LAB) and ENG 230

Appropriate Math Course and discipline course

Benefits:

- Share courses and live with other students majoring in the sciences
- Advising and networking with dedicated science faculty
- Guaranteed registration in specially designed courses
- Create connections with upperclassmen mentors within the science fields
- Access to learning community specific support within the sciences, including study group programs, Supplemental Instruction and additional math support
