Biology of Sex Learning Community

Learning
Communities
Learn together with US

**In a learning community,
you'll learn with friends
and thrive at UNCG!**

**Learning Communities at UNCG
feature integrated learning.**

All communities include two to three courses that are integrated for deeper learning. This means that learning community students will be enrolled in shared courses that integrate assignments across multiple courses. For the student, you begin to see how courses and disciplines are interwoven across programs and majors.

Biology of Sex Learning Community

The Biology of Sex Learning Community provides students with an opportunity to delve deeper and learn about sexual differentiation, sex differences, gender, and sexual expression in a safe learning environment.

Students will be able to apply fundamental principles of biological concepts to real-world social and human conditions and will collaborate to raise awareness about sexual health issues.

This community does not fulfill General Education requirements for Biology or Science majors

Required Courses:

Fall BIO 105: Major Concepts in Biology

HEA 260: Human Sexuality

ISL 101: Connections, Collaborations & Inquiry

For more information and an application visit:
