In a learning community, you'll learn with friends and thrive at UNCG!

Learning Communities at UNCG feature integrated learning.

All communities include courses that are integrated for deeper learning. This means that learning community students will be enrolled in shared courses that integrate assignments across multiple courses. You begin to see how courses and disciplines are interwoven across programs and majors.

The UNCG Global Village Discovering ourselves + others through the study of Languages, Literatures, and Cultures

The UNCG Global Village benefits students studying Chinese, French, German, Italian, Japanese, Russian, or Spanish, who wish to improve their language skills and to explore the culture of languages around the world. Under the guidance of native-speaking Peer Facilitators, students will practice and improve their language abilities. As a community, you will explore global issues on and off campus, participate in various events with an international focus, and interact with faculty whose teaching and research relates to some aspect of international literatures, languages and cultures.
