To Whom It May Concern:

I am delighted to have the opportunity to write this letter offering my strongest possible support for the Department of Languages, Literatures and Cultures's Living Learning Community "UNCG Global Village: Explorations in Languages and Cultures" being proposed by the task force skillfully led by Prof. David Fein.

At our inaugural retreat this Fall, the faculty as a whole identified the creation of a multi-lingual/multi-cultural Living Learning Community as our top priority. We firmly believe that this project is central both to our departmental mission and to UNCG's mission as well. Support for the proposal has been unanimous—faculty from every program we represent have been integral to the process of developing the proposal and have committed to participate actively in its realization. The talent, dedication and energy exhibited by the faculty in creating this proposal have convinced me that UNCG Global Village will make a unique, lasting contribution to the education of our students.

In fact, I believe the project admirably fulfills the ideals of internationalizing our campus community and promoting diversity on a global scale through local action. If I can provide any further information in support of this proposal, please contact me at (520) 275-5411.
